

DIRECT-TO-FASHION SUSTAINABLE PRODUCTION

Get direct access to top fashion
and home decor brands

The Presto MAX harnesses **Kornit's advanced MAX technology** to give complete ownership over the on-demand, Direct-to-Fabric printing process. Streamline your production and redefine it with these capabilities:

❖ **THE MOST SUSTAINABLE SOLUTION IN THE MARKET**

Minimize your environmental footprint.

❖ **SIMPLE & SUPERIOR**

Simplify your production while meeting high retail quality printing results on multiple fabric types.

❖ **ONE SOLUTION FOR YOUR EVERY NEED**

A single-step process that allows you to take on any task.

❖ **TOP QUALITY**

Meet the highest quality standards of demanding brands.

❖ **INNOVATING SUCCESS**

Increase your market share with innovative applications and business models.

WHAT THE MARKET SAYS

“

Streamlined print and workflow means we can explore the full potential of technology, further enhance our ability to react quickly to seasonal shifts in demand, and establish more efficient, lower-impact production processes”

- Simon Platts, Responsible Sourcing Director at ASOS

“

Consumers are becoming increasingly aware of the environmental impact that the textile industry represents, and savvy manufacturers are taking notice”

- What They Think

White not? Produce white prints on colored fabrics

- The only Direct-to-Fabric process that allows white spot printing on colored fabrics.
- Maximize your business offering.
- Enhance your creativity and flexibility.
- Form a cost-effective re-stocking process.

Feels right- Kornit's DuoSoft solution

- The DuoSoft is the new unmatched highest Print Quality standard.
- Elite hand feel.
- Two actions in one, no need for a fixation agent.

Shine bright with vivid neon color designs

- Extend your color gamut.
- Reach new markets: swimwear, beachwear, and sportswear.
- Offer a wider PANTONE coverage.

Breaking the dimensional barrier with Kornit's XDi

- 3D premium decorative applications, including threadless embroidery and screen transfer effects.
- Become a market leader in every sense and work with leading brands.
- Break creative boundaries and enrich your offering.
- Boost your profit margins with premium products and new revenue streams.

Kornit QualiSet: Smart Autonomous Calibration

- Kornit's QualiSet machine vision technology ensures your system is calibrated in key functional areas to guarantee quality and consistency.
- Consistently meet top-quality standards across orders, jobs, machines, and sites at all times.
- A simple, effective process that delivers accurate results in short cycle times and with minimal interruptions.

MAIN FEATURES

- — — — Powered by advanced MAX technology
- — — — Single-step solution
- — — — Great hand-feel and drape results with Kornit's DuoSoft
- — — — QualiSet autonomous calibration
- — — — Enhanced print durability
- — — — Prints on a wide variety of fabrics
- — — — White prints on colored fabrics
- — — — Neon color designs
- — — — Kornit's XDi technology
- — — — Workflow solutions
- — — — Production data insights via Kornit Connect
- — — — GOTS approved and Eco-Passport certified
- — — — Eco-friendly Robusto ink
- — — — CO₂-neutral
- — — — Integration with Kornit's EcoFactory

SIMPLE AND SUPERIOR PRODUCTION PROCESSES AND RESULTS

- A single-step solution
- Minimal setup and training
- Soft hand-feel
- Advanced color-matching and a wide color gamut
- Continuous high-speed production with smart automation

Traditional textile printing

Other digital textile printing (Non Pigment)

TECHNICAL SPEC TABLE

Technical Specifications

Printing Width	Up to 180 cm / 70.8 in
Weight	4500kg / 9920.1lb
Power Requirements	110/220V, 60/50 Hz, 40A, 3Ph+N+GND 25kW
Media Transportation	High-Precision Adhesive Belt Conveyor System
Max Media Thickness	10 mm / 0.40 in
Max Roll Width	180 cm / 70.8 in
Max Roll Outer Diameter	40 cm / 15.74 in*
Max Roll Weight	50 kg / 110.2 lb
Recommended Temperature	25c-31c
Relative Humidity	45%-75%
Compressed Air	6-8 bar/ ≤ 0.4 m3/min
Dryer	MCS- Modular Curing System
A Frame Jumbo Roll Support	
QualiSet	Smart Autonomous Calibration Embedded

KORNIT'S ECOSYSTEM

Covers all the bases

Sustainability: Meets the highest environmental standards, GOTS approved, and Eco-Passport certified

Ink and consumables: Paired with Kornit's eco-friendly Neopigment Robusto™ ink and DuoSoft solution for an advanced, sustainable production on multiple fabric types

Training and Support: Multilingual services that include global support, customer empowerment plans, upgrades, beginner to advanced training, maintenance, and more

Workflow: End-to-end Solutions that automate and accelerate on-demand production, seamlessly integrating sales channels with the production floor

Global Fulfillment Network: Connects the world's leading brands to a managed network of fulfillers based on proximity to end customers and stores
